WORK EXPERIENCE

- Researcher, Munich Center for Machine Learning (MCML)** Sep 2025 - present

- MCML is one of six national AI Competence Centers. It is funded on a permanent basis by the German and Bavarian government's AI strategy, and brings together the leading ML researchers from LMU, TUM and associated institutions.

Researcher, Huawei 2012 Labs, Munich

May 2025 - present

- Based at the Heisenberg Research Institute; research at the intersection of 6G and AI, exploring how large language models and multimodal reasoning can drive next-generation wireless systems.

Program Management Working Student, Amazon, Munich

Oct 2023 - Feb 2024

- Conducted vendor analysis for the Amazon Austria marketplace, established a champions program, and analyzed Black Friday data to generate actionable insights for the following year.

AI Product Management Working Student, Siemens AG, Munich

Aug 2022 - Jun 2023

- Managed the product lifecycle of an AI-driven procurement analysis web application, digitalizing procurement processes for around 90 Siemens factories worldwide.

Founder, Eatwhats App (eatwhats.de)

Mar 2020 - Dec 2021

- Built a Dianping-style discovery app for Asian restaurants in Germany, filling a long-standing gap for the local Chinese community.
- Within six months, partnered with ~50% of Chinese restaurants in Munich and reached ~1/5 of the city's Chinese population.
